INDIAN POINT ENERGY CENTER

Here is another in a series of "What Does Indian Point Mean to Me?" that we will share over the next year:

What Does Indian Point Mean to Me? By Bob Stack, Warehouse Supervisor, Procurement Specialist, and currently Procurement Supervisor

Dear Friends and Coworkers,

After spending 30 years here at Indian Point and as difficult as it is, the time has come to say goodbye to all of you.

You have made my job here at Entergy a very happy and productive work experience. Although I am looking forward to retirement, I will miss working for Entergy and with all of my colleagues.

I would like to take this time to thank you all for your friendship, support, and wonderful experiences we have had over the years. We have shared some wonderful memories along the way and I wish you all the best.

I hope to keep in touch and hear of your future ambitions and experiences. Working with you all has been a pleasure and I will treasure the memories and great times we have shared.

Stay safe, Stay well.
